

Andrew Dilnot
UKSA

June 2012

Dear Andrew,

WORK PROGRAMME STATISTICS

I have seen a copy of your letter to Stephen Timms MP.

The letter says, among other things, that, “DWP statisticians were not involved in checking statistical aspects of the final version of the Minister’s speech”. Perhaps I could record that the speech was checked by other analysts from the relevant policy area in line with my Department’s normal procedures. I am happy to discuss these procedures if that would be helpful.

I am copying this letter to Stephen Timms.
