Dear Mark

Compliance check of statistics on community care for adults in Northern Ireland

Thank you for your letter of 26 March informing me that the above output will continue to be designated as National Statistics.

We found the compliance check process to be both open and constructive and our engagement with your team to be very useful in reaffirming the focus for the statistics produced.

As highlighted in your letter, our intention is to build on the work to date to improve future statistics in this area.

Yours sincerely

Eugene Mooney

Director of Information and Analytics
