

Ed Humpherson, Director General for Regulation

Iain Bell
Deputy National Statistician and Director General, Population and Public Policy
Office for National Statistics
(by email)

26 November 2020

Dear Iain

COVID-19 infection survey publication time

Following conversations with your team, I am happy to confirm the one-off exemption from your usual publication time for COVID-19 Infection Survey statistics of noon on a Friday, to 10:30am on Thursday 26 November.

I very much welcome your commitment to review your publication schedule to enable you to respond swiftly to emerging policy decisions around COVID-19.

Yours sincerely

Ed Humpherson

Director General for Regulation
