COVID-19 Infection Survey Statistics

Dear Ruth and Esther,

Thank you for your [letter of 25 May 2022](#), we are pleased to see an update on the progress you are making against the findings and recommendations we made in our [review of the COVID-19 Infection Survey](#) in March 2021.

As you may know my team is planning a follow up review of the COVID Infection Survey this year so your update is timely.

.

Yours sincerely,

Ed Humpherson
Director General for Regulation
